

LOCAL FOOD AND FORAGING

We believe food and wine belong on the table together. North Canterbury has long been famed for the quality of its produce and farming is the backbone of the community.

We're surrounded by fields, farms, market gardens, truffières, rivers, coastlines and vineyards – an environment that allows different foods to grow naturally and appear on our plates all year round. Discover our tradition of foraging and hunting for local produce and get involved in Truffle Hunts, Wild Food and Winery Tours and meet artisan growers.

EXPERIENCE THE ACTION

Come for the wine and food - stay for so much more. Cycle or walk the great Waipara Valley Vineyard Trail, ride the historical Weka Pass Railway, hike up to the Māori Cave Drawings in Waikari, sail around the Akaroa harbours, wander the Amberley Farmers Market on a Saturday or enjoy the pure relaxation of rich thermal waters in Hanmer Springs.

LOCAL HAPPENINGS

We're a community that loves to get together. Over the year, our social calendar is full of events that celebrate the best of our region. From our annual North Canterbury Wine & Food Festival set under the picturesque oaks of Glenmark Domain every summer, to wintertime truffle hunting and boutique wine tasting pop-ups in the heart of Christchurch Central.

REGION

WELCOME TO NORTH CANTERBURY

The Coolest Little Wine Region in New Zealand

A LITTLE BIT ABOUT US

Welcome to the east of Aotearoa New Zealand's South Island, an internationally renowned destination for food, wine and nature. North Canterbury is home to a close-knit community of independent, family-owned wineries.

From the volcanic Banks Peninsula to the clay and limestone soils of the Waipara and Waikari valleys, the region lends itself to highly varied and interesting soil types. Concentrated and expressive wines are grown here – especially Pinot Noir, Chardonnay and Riesling.

OUR WINE REGION

This map shows the vineyards that exist throughout our region. Drink in the country's most diverse and unique wines, eat award-winning food featuring a rich abundance of local produce, and stay in beautiful accommodation on vineyards throughout the region.
